

I am in charge of “Higashi-Chichibumura Hibiki-no-mori Soyuukai” as the president. Joyfully I am engaged in music activities with my colleagues. The name of the group derives from “Friends who play music in the mountain.” I am in charge of trombone. When the group was made I started practicing this instrument by myself at the age 55. I participate in village event as Washi-no-sato Culture Festival, and present my playing. I am very glad as my colleagues are all good men. You will be welcome to see and join us at Yamanami Big Hall each Saturday.
