

On November 26 (Sunday) at halfway up Shiraishi's Sadamine pass

“Bird and animal repose and prayer festival for safety hunting” was held under the central figure of local hunting association (by Keiryō Watanabe local association manager). In this festival a service is offered for the hunted bird and animal, and safety in hunting is prayed for the coming year. This year also the related persons prayed for safety and resigned the preparedness as the handling persons of their lives in the extermination activities of harmful birds and animals. They renewed their feelings of the activities of this year.
