

On February 3 (Saturday) , 2024 at Sakamoto Hachiman Daijinja of Sakamoto region the bean throwing festival was effected. This year 2 “Man of the year” and buddhist parishioners participated. The man of the year appeared wearing usual paper made Samurai Costume! The costume, there are child size ones, too, which made a lovely figure. After receiving the purification at the main shrine, bean throwing was effected shouting “Fortune in!, evils out!” with the shrine’s chief priest. Thus “Fortune” was called in, wishing to be happier year this year.
