

I took pictures of spring Washi-no-sato where the snow fall is rather heavy. Photo taking is my hobby since my teen-age, and now 60 years have passed. Washi-no-sato, established in the site of Ogawara Middle School, my alma mater, shows me different expression every year. This is my favorite photographing spot where I go to every year.

[Washi-no-sato Spring] Photo taken by Tomio Kurishima, Shayu-kai  
(Mido)
