

Mr. and Mrs. John Imaeda & Nyori opened Bar & Restaurant in Okusawa region. They marched hand in hand with the people in the region upto their opening of the shop. They are managing the shop with much laugh.

It was 8 years ago when I first visited Higashi-Chihcibumura. Since then there were twists and turns. While we are in Higashi-Chichibumura, we want open our shop here, and opened our Bar & Restaurante Ajate.

As to the building, we rent a vacant house which has main building and the detached room. We decided to use the detached room as our shop. The building was Japanese style, but we remodeled it fully to western style.

Upon remodeling, we noted our complete lack of experience and we did not know even how to destruct the building. Being such the case, the people in the region extended us their helping hands. They helped us almost all the refitting.

When our shop became ready to serve, we carried out tasting of our our menu. We invited our neighbors to taste our meals.
